

Hustle bustle on the floor...

The festive ambience continued amongst the preschoolers through the month of September.

International Literacy Day
Literacy day aims to highlight the importance of literacy to individuals.

As part of celebration, parents of Nursery children enacted stories in their respective classes using various props and puppets.

Nursery E

*(Story: The Ugly Duckling
Performed by: Ms. Ratna Kamdar, Ms. Khyati Virani, Ms. Viral Gada, Ms. Monika Patel.)*

Kids take over the Kitchen Day

Our junior master chefs dressed in aprons and their own personalized chef caps took

over the kitchen by preparing and relishing delicacies like cheesling bhel and choco bear sandwich with Nutella spread and banana.

Chefs at the worktable

Ready to dine with friends

They also fathomed the importance of good eating habits and table etiquettes.

Roald Dahl Day

Stories and fictional friends were a huge part of our world during childhood- and Roald Dahl's whimsical tales were no exception and his tales speak to children in a unique way.

As part of Roald Dahl Day celebration, children across the floor watched a skit, performed by teachers based on his story 'Fantastic Mr. Fox'.

Navratri Celebration

Adorned in their Indo- Western outfits, children from Playgroup to Sr. Kg had a jubilant day. The festivities were at a fever pitch for Navratri as the children heartily danced at the sound of dhol and claps.

Chefs in the making

Sr. Kg children made for themselves a delicious snack of Tacos with corn & bell pepper filling.

The more I see, the more I learn...

Children across the floor watched a series of skits, this month, performed by teachers and trainees of E.C.C.Ed. Department.

The animals find the bag of salt in the jungle

When the Dwarfs find Snow White in their house

Based on story written by Enid Blyton, teachers presented 'The Bag of Salt' while the trainees brought alive the classic Fairy Tale 'Snow White and Seven Dwarfs'.

They enjoyed watching Flippy, the Frog enacted by teachers.

As part of Quality Circle Time (QCT) session and Teachers Day celebration all children of Senior Kg were asked- "What if there were no teachers?"

And here are some interesting responses...

"We will miss teachers because they do everything for us".

- Aarush Gujarati (Sr. Kg A)

"We can't go to field trips!"

- Pratyush Meisheri (Sr. Kg B)

"How can we learn and do new things?"

- Niva Mehta (Sr. Kg C)

"We cannot learn & teach moms..."

- Manay Sheth (Sr. Kg D)

"If we don't have teacher, how will we grow up?"

- Vihaan Suvarna (Sr. Kg E)

Children who read will become adults who think. A right book always stimulates your child's mind and expands his or her

knowledge. Here are a few books, which the preschoolers would enjoy.

- **The Phantom Tollbooth** by Norton Juster
- **Winnie-The-Pooh and All, All, All** by Alan Alexander Milne
- **Charlotte's Web** by Elwyn Brooks White
- **Black Beauty** by Anna Sewell
- **The Princess and the Goblin** by George MacDonald
- **Bambi** by Felix Salten
- **The Story of Doctor Dolittle** by Hugh Lofting
- **Mr. Popper's Penguins** by Richard and Florence Atwater
- **A Bear Called Paddington** by Michael Bond
- **The Seventh Princess** by Eleanor Farjeon
- **Beatrix Potter the Complete Tales** by Beatrix Potter

Health Tip

How to keep kids healthy and happy?

- Make sure they get enough sleep

Emphasize to your kids that they will grow well when they sleep.

- Use 80 - 20 rule for healthy eating
80% of the times ensure they eat healthy, 20% can be given grace for kids to have their favourite food.

- Explain why healthy eating is important
Make them understand that certain food will make them taller and stronger or make their hair shinier.

- Create fun opportunities for exercise

Aim for at least an hour of an exercise for them; this will enable them to focus better as they grow older.

- Teach them to hydrate
A great way to teach your kids to stay hydrated is to have them look at their pee. Being hydrated means drinking enough so that your pee looks like water.

- Open your windows
Sometimes the air in our homes can be even more polluted than the air outside. Open your windows often, use fans and vents, indoor plants help clean and circulates the air.

- Limit their sugar intake
Sugar interferes with the body's immune system by binding up the antibodies that the immune system needs to fight viruses

October sparkles in with...
